- Data audit £2,000

*“Havering College participates fully in the eMandate process and finds the reporting tool and peer group selection of particular use for focused budget planning. In particular the College has commissioned annual bespoke reports that are submitted to Governors and are used to support Development Plans. We consider these reports to be of good value and to be truly bespoke in that each client can specify their own areas of interest, enabling a benchmarking tool that is neither generic nor vague.”*

Fred White  
Director of Estates  
Havering College

All prices exclude reasonable expenses and VAT. Please refer to our Terms & conditions.
